

Lake Antoine Park Partners announced the Sunset Beach Phase I completion by inviting all patrons and the public to come see the new walkways, benches, picnic tables and new shoreline in front of the former concession stand building.

Daniel Cody of Iron Mountain sits on the bench he funded as part of Lake Antoine Park Partners "Sunset Beach" project. It is in honor of his mother, Carolyn (Fredrickson) Cody who passed away on February 12, 2021.

The memory of Douglas Raymond Nelson Jr., of Crystal Falls is honored by his brother, Donny and family in this bench on the shore of Lake Antoine. The Bacco Construction employee died unexpectedly on July 10, 2023. The bench is part of Lake Antoine Park Partners "Sunset Beach" project.

The daughters of Glenn and Bessie Brightman, Michelle, left and Bessie, right, honored their parents as Yoopers of the Northwoods on a bench they funded as part of Lake Antoine Park Partners "Sunset Beach" project.

A colorful graphic celebrating the completion of Sunset Beach Phase 1. It features a sunburst in the top right corner and confetti. The text reads: "Sunset Beach Phase 1 Complete! THANK YOU from Sunset Beach Project Patrons". Below this, it says "You helped LAPP make Phase I of the Sunset Beach revitalization possible:". A list of donors is provided, including the Dickinson Area Community Foundation, Mauck Insurance Agency, Inc., Loggers Insurance Agency, Enbridge, Swanson Solutions, Upper Michigan Energy Resources, and many others. At the bottom, it announces a \$50,000 Greenspace Enhancement Grant from The Toro Company and BOSS Snowplow, and includes a QR code and a "Donate today!" button.

We would like to graciously thank everyone who has shown their support through grants, donations, and purchasing memorial benches!
